

How many bottles of water do you drink a day? Save this summer with Bobble water bottles. 1 Bobble = 300 WaterBobbles!

### **What you need to know...**

Approximately 77,000 tonne of plastic water bottles end up in landfills each year. Bobble is 100% recyclable. The Bobble water bottle is made from FDA approved recycled PET that is free of BPA, Phthalates and PVC, so you can feel confident you are doing your part to help conserve the environment!

The bobble filters as you drink, and can be filled 300 times before changing the filter. Bobble has a variety of colours to choose from, and at \$14.95 a Bobble, it won't break the bank.

### **Australian Stockists include:**
